

Welcome to Staffordshire

Life in a new country can be exciting but also brings some challenges. If you have any concerns about cultural differences, need local tourist information, want suggestions on how to integrate with home students, please ask us at the IAU! Keele also has its own International Student Officer, who can help with any problems you have settling in.

You may hear people talking about 'culture shock'. This is what can happen, usually a few days or weeks after arriving in a new country and realizing how different it is to home! UKCISA have prepared a useful guide on how to deal with culture shock.

http://www.ukcisa.org.uk/student/info_sheets/culture_shock.php

This website has lots of useful information about living and studying in the UK.
